

PATENT

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Application of : Jerzy Muszynski  
For : STATOR WINDING FOR ELECTRIC MOTOR  
Our Docket : CMC-12492-1

**PRELIMINARY AMENDMENT**

Asst. Commissioner for Patents  
Washington, D.C. 20231

Dear Sir:

Please amend the above referenced patent application as follows:

**IN THE SPECIFICATION:**

Please replace the paragraph beginning at page 1, line 2, with the following rewritten paragraph:

--This application is a continuation of prior United States Application Serial No. 09/483,985, filed January 18, 2000. The present invention relates to the art of stator windings for electric motors and more particularly to a stator winding for mounting on an outlying stator core. The invention further relates to a method of assembling a stator winding to an outlying stator core of an electric motor.--

**IN THE CLAIMS:**

Please cancel claims 1-29 and substitute the following claims 30-52 as follows:

30. A multiple piece motor stator having a plurality of individual stator windings for mounting on an electric motor having a rotor mounted for rotation about a longitudinal axis within
